Air Dream[™]

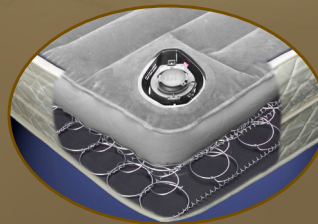

Sofa Sleep System
Air Over Coil Technology

The New Air Dream™ Sofa Sleep System comforts & supports like a premium bed!

Experience comfort you've never dreamed possible in a sleep sofa. This innovative air-over-coil technology inflates in 25 seconds and operates with an easy to use hand pump. It looks and feels like a premium luxury mattress!

- Compact yet powerful pump with auto On/Off inflates in 25 seconds
- Touch button firmness adjustment
- Self sealing valve with large opening for fast inflation
- Valve swings wide open for fast deflation
- Rugged construction air chamber
- Deflates easily and quickly for fast storage in sleep sofa

New air over coil technology provides comforting support, right where you need it.

Compare! Air Dream™ is 11" thick, standard sleeper mattresses only 4".
