

Air Dream™

Sofa Sleeper System
Air Over Coil Technology

The Ultimate in Sofa Sleeper Mattress Comfort!

Air Dream's core comfort element has been reinforced and improved to provide the maximum in luxurious sleeping and rugged durability. The engineered features that made Air Dream™ an overnight success are easy to see and feel.

Easier-to-adjust firm-to-soft sleeping surface with new valve design

Adjusting the sleep surface from firm to soft is now easier than ever before. A simple touch of a button located on the inflation valve makes individualized comfort easy to achieve. The valve also allows for simple deflation of the mattress by lifting up on a release tab.

Increased Comfort

- Sofa sleeper mattresses have never been this plush – 11" of pure comfort
- Offers the same plush dimensions and luxury feel as premium mattresses
- Innovative technology combines spring coil support with a cushioning layer of air
- Air-cushion layer adjusts from plush-firm to supportive soft feel
- Separated air chambers distribute body weight evenly for ideal ergonomic support
- Eliminates the "bar" feel
- Resilient, tempered Bonnell low coils provide lasting support
- Accommodates standard sheets
- Available in twin, full, and queen size

Easy to Operate

- The Air Dream™ comes equipped with a U.L.-approved electric inflation pump. This compact yet powerful pump plugs into a standard 110v household outlet and inflates the Air Dream™ mattress in 25 - 35 seconds
- Deflates quickly for easy storage
